Discussion: On February 5, 2016, Building Inspector James Campbell issued a determination determining that the Hana Spa facility located at 254 Route 17K is a "massage establishment" as defined under Section 185-67 of the Town of Newburgh zoning code.

Reasons in support of such determination. Town of Newburgh Zoning Code Section 185-67 defines massage establishment as any establishment having a fixed place of business where massages are administered for pay, including but not limited to, massage parlors, sauna baths and steam baths. Subsection B of this definition provides that a Massage Establishment shall not be construed to include the following:

1. "(Hospitals, nursing homes, medical clinics, or the offices of a physician, surgeon, chiropractor, osteopath, or duly licensed physical therapist, occupational therapist, <u>or</u> <u>duly licensed massage therapists</u>." (underline added)

The Hannah Spa is operated by Chu Im Yon, a licensed massage therapist pursuant to New York State as set forth in the license attached as Exhibit "A". The facilities constitute the offices of Ms. Im Yon, where therapeutic massages are administered. This definition does not require that every massage therapist employed at the facility be licensed; it merely requires that the facilities be the "office" of duly licensed massage therapists. This would be consistent with the office of a physician that may employ nurse practitioners, but is still a physician's office. Therefore, this facility is a service permitted by zoning and not a massage establishment prohibited by Article XVI of the Town of Newburgh Zoning Code.

Therefore, this appeal should be granted and the facilities continue to operate, so long as they remain the office of a licensed massage therapist, pursuant to New York State Law.
