

**TOWN OF NEWBURGH
PLANNING BOARD
TECHNICAL REVIEW COMMENTS**

PROJECT NAME: POPPY LANE
PROJECT NO.: 2021-26
PROJECT LOCATION: SECTION 6, BLOCK 1, LOT 113, 114 & 115
REVIEW DATE: 15 OCTOBER 2021
MEETING DATE: 21 OCTOBER 2021
PROJECT REPRESENTATIVE: ENGINEERING AND SURVEYING PROPERTIES – ROSS WINGLOVITZ

1. As addressed in the applicant’s cover letter, a previously approved subdivision filed in the County Clerk’s office on 18 May 1988 as filed map # 88-66 contained a private roadway accessing three (3) lots. The roadway was not detailed at the time and was only referenced by notes on the plans. The applicant’s representatives are requesting waivers for certain sections of the current street specifications which were adopted by the Town in 1991. The applicant’s representatives have identified two (2) portions of the road specifications which they cannot meet including the negative grading from the existing Town roadway as well as provisions for a 50-foot diameter cul-de-sac. The applicant identifies that the following rationale for the waiver exists:
 - a. Subdivision pre-dates adoption of private road street specifications.
 - b. The construction specifications meet the majority of the current requirements.
 - c. Only three (3) lots are proposed accessing from the private road which is similar to that permitted access from shared driveway which would allow construction of lesser specifications if approved by the Town Board.
 - d. The road as proposed would be passable and safe.
2. The applicant’s representatives are requested to identify if a Roadway Access and Maintenance Agreement was filed with the original subdivision, or if such documents can be filed at this time based on ownership of the underlying land of the roadway and the adjoining lots.
3. Comments from jurisdictional emergency services should be received.
4. The applicant’s representatives are requested to evaluate the use of 12-inch HDPE minimum pipe size in the Town of Newburgh is 15-inch.
5. It is recommended that an SWPPP be prepared as the project appears to impact greater than 1-acre of disturbance for a residential subdivision less than 5-acres. A Soil Erosion and Sediment Control Plan and coverage under the NYSDEC Stormwater SPDES Permit would be required.
6. Note #3 on the filed subdivision map identifies a plot plan showing the proposed septic system design and well location prepared by a P.E. or LS must be submitted and approved by the Town

Town of Newburgh Planning Board
21 Hudson Valley Professional Plaza
Newburgh, NY 12550
ATTN: John P. Ewasutyn, Chairman

**RE: W.O. # 1493.01
POPPY LANE
SECTION 6, BLOCK 1, LOTS 113, 114, AND 115, OFF OF LESTER CLARK ROAD
LOTS 2, 3 & 4 OF THE MARTUSCELLO SUBDIVISION, FILED MAP #8866 5/18/1988
APPLICATION TO PLANNING BOARD**

Dear Chair Ewasutyn and members of the Board,

This letter and the attached plans constitute the property owner, Wise Equities Group, LLC's application to the Planning Board pursuant to Section 161-25 of the Town Street Specifications to determine the applicability and if necessary waive certain technical requirements of the street specifications and it relates to the construction of the road to serve the Martuscello subdivision.

The Martuscello subdivision which includes the right-of-way layout of a private road was approved in 1988 and filed in the County Clerks' office on 5/18/1988 as map # 8866. Therefore, all lots are existing lots. As stated above, this filed map depicted the lot layout and the layout for the road, but did not include any road specifications.

The Town Street Specifications Section 161-1B specifically exempts any subdivision approved prior to the adoption of the street specifications in 1991. This subdivision was approved in 1988 prior to adoption of these specifications. The applicant has approached the Town Highway and Building Departments for some guidance on this matter. While the applicant would like to meet the current Town Specifications for Private Roads, it would be impossible to meet all requirements based on the approved subdivision's layout. Specifically, the following specifications cannot be met:

1. §161-15C requires a negative two percent (-2%) grade from the edge of pavement to the start of the right-of-way. Due to the existing grade in the area, it is not feasible to provide this while also providing proper drainage in the area. Specifically, providing the drainage ditches along the private road, required by the private road cross section in §161-16, and providing catch basins to collect the stormwater from the private road and outlet it to daylight.
2. §161-8 requires dead end roads, such as the proposed one, to be provided with a 50-foot diameter cul-de-sac. Due to the length of the proposed road, this would not meet fire access standards, and due to the existing grade in the area, an alternative turnaround is

proposed that would provide sufficient fire truck turnaround space and would fit within the existing right-of-way easement.

We have been advised by the Planning Board and Town Board's engineering consultant via email that we should apply to this board seeking a waiver of these specific conditions. The Town's Highway Specifications do vest the Planning Board with the authority to interpret the street specs via section 161-25 which provides:

"§ 161-25 Interpretation.

Final decision as to the interpretation of any part of these street specifications shall rest with the Town Planning Board, which is hereby empowered, pursuant to Town Law § 280-a, to require private roads to be improved to its satisfaction in accordance with the standards and specifications approved by the Town Board herein."

We also would like to note that §157-1B of the Town stormwater requirements, adopted in 1995 and amended in 2009, states:

"The amended limitations on construction of stormwater management facilities imposed herein specifically do not apply to mapped subdivisions, developments and site plans which have been finally approved by the Town of Newburgh Planning Board or other authorized authority for which a final map has been filed in the office of the Orange County Clerk or Town offices, as required by law. Previously enacted limitations remain in effect for those projects."

Given the facts that:

1. This subdivision predated the adoption of the private road street specifications
2. The construction specifications meet the great majority of the current requirements
3. There will only be 3 lots accessing from the private road which is similar to that permitted access from a shared driveway which would be constructed to lesser specifications
4. The road as proposed will be passable and safe

Based upon all of this we are requesting that the Planning Board authorize construction of this private road based upon the design provided. If you have any additional questions and/or comments, please don't hesitate to contact this office. We have enclosed the following information for your review:

- Plans for the private road (3 sheets), dated 10/7/21
- Application forms signed by the applicant
- Planning Board application checklist
- Checks for application fee of \$700 and escrow of \$2,200
- Short Environmental Assessment Form
- Survey of the property by CV Associates NY
- Original subdivision, filed map # 8866

Poppy Lane

PROJECT NAME

CHECKLIST FOR MAJOR/MINOR SUBDIVISION AND/OR SITE PLAN

I. The following items shall be submitted with a COMPLETED Planning Board Application Form.

1. Environmental Assessment Form As Required
2. Proxy Statement
3. Application Fees
4. Completed Checklist (Automatic rejection of application without checklist)

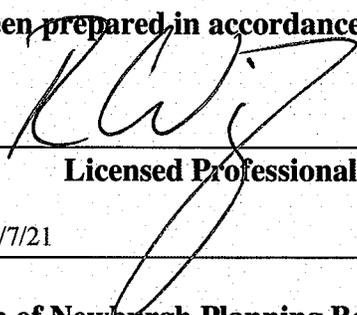

II. The following checklist items shall be incorporated on the Subdivision Plat or Site Plan prior to consideration of being placed on the Planning Board Agenda. Non-submittal of the checklist will result in application rejection.

1. Name and address of applicant
2. Name and address of owner (if different from applicant)
3. Subdivision or Site Plan and Location
4. Tax Map Data (Section-Block-Lot)
5. Location map at a scale of 1" = 2,000 ft. or less on a tax map or USCGS map base only with property outlined
6. N/A Zoning table showing what is required in the particular zone and what applicant is proposing. A table is to be provided for each proposed lot
7. N/A Show zoning boundary if any portion of proposed site is within or adjacent to a different zone
8. Date of plan preparation and/or plan revisions
9. Scale the plan is drawn to (Max 1" = 100')
10. North Arrow pointing generally up

11. Surveyor,s Certification
12. Surveyor's seal and signature
13. Name of adjoining owners
14. N/A Wetlands and 100 ft. buffer zone with an appropriate note regarding D.E.C. or A.C.O.E. requirements
15. N/A Flood plain boundaries
16. N/A Certified sewerage system design and placement by a Licensed Professional Engineer must be shown on plans in accordance with Local Law #1 1989
17. Metes and bounds of all lots
18. Name and width of adjacent streets; the road boundary is to be a minimum of 25 ft. from the physical center line of the street
19. Show existing or proposed easements (note restrictions)
20. Right-of-way width and Rights of Access and Utility Placement
21. Road profile and typical section (minimum traveled surface, excluding shoulders, is to be 18 ft. wide)
22. N/A Lot area (in sq. ft. for each lot less than 2 acres)
23. N/A Number of lots including residual lot
24. N/A Show any existing waterways
25. A note stating a road maintenance agreement is to be filed in the County Clerk's Office where applicable
26. TBP Applicable note pertaining to owners review and concurrence with plat together with owner's signature
27. Show any improvements, i.e. drainage systems, water lines, sewer lines, etc.
28. Show all existing houses, accessory structures, wells and septic systems on and within 200 ft. of the parcel to be subdivided
29. Show topographical data with 2 or 5 ft. contours on initial submission

30. Indicate any reference to a previous subdivision, i.e. filed map number, date and previous lot number
31. TBP If a private road, Town Board approval of name is required, and notes on the plan that no town services will be provided and a street sign (per town specs) is to be furnished and installed
32. Number of acres to be cleared or timber harvested
33. TBP Estimated or known cubic yards of material to be excavated and removed from the site
34. TBP Estimated or known cubic yards of fill required
35. The amount of grading expected or known to be required to bring the site to readiness
36. N/A Type and amount of site preparation which falls within the 100 ft. buffer strip of wetlands or within the Critical Environmental Area. Please explain in sq. ft. or cubic yards.
-
-
37. N/A Any amount of site preparation within a 100 year floodplain or any water course on the site. Please explain in sq. ft. or cubic yards.
-
-
38. TBP List of property owners within 500 feet of all parcels to be developed (see attached statement).

The plan for the proposed subdivision or site has been prepared in accordance with this checklist.

FEE LAW SUMMARY

PENDING APPLICATIONS

All applicants with matters pending before the Planning Board as of the effective date of this local law shall be required to post as escrow in the manner and upon the terms and conditions set forth below:

- (a) The Planning Board, in consultation with the applicant, shall compute the amount of the escrow to be posted with the Town. Such amount shall be reasonably related to the costs attendant to the Town's review of the application as of the effective date of this local law. Under no circumstances shall the escrow include amounts attributable to any costs incurred by the Town prior to the effective date of this local law.
- (b) Once computed and established by Resolution of the Planning Board, the applicant shall, within fifteen (15) days of said resolution, post escrow fees with the Secretary of the Planning Board. Failure to deliver the said escrow fees may result in delay of the further processing of the application.

SEVERABILITY

In the event a court of law determined that any provision of this chapter is unenforceable, then only that provision shall be affected and all other provisions shall be fully enforceable.

EFFECTIVE DATE:

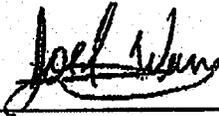

This local law shall take effect immediately upon filing in the Office of the Secretary of State.

FEE ACKNOWLEDGEMENT

The town of Newburgh Municipal Code sets forth the schedule of fees for applications to the Planning Board. The signing of this application indicates your acknowledgement of responsibility for payment of these fees to the Planning Board for review of this application, including, but not limited to escrow fees for professional services (planner/consultant, engineering, legal), public hearing and site inspection. Applicant's submissions and resubmissions are not complete and will not be considered by the planning board or placed upon its agenda unless all outstanding fees have been paid. Fees incurred after the stamping of plans will remain the responsibility of the applicant prior to approval of a building permit or certificate of occupancy. Fee schedules are available from the Planning Board Secretary and are on the Town's website.

Note: if the property abuts and has access to a County or State Highway or road, the following information must be place on the subdivision map: entrance location, entrance profile, sizing of drainage pipe (minimum length of pipe to be twenty-four (24) feet).

PLANNING BOARD DISCLAIMER STATEMENT
TO APPLICANTS

The applicant is advised that the Town of Newburgh Municipal Code, which contains the Town's Zoning Law, is subject to amendment. Submission of an application to this Board does not grant the applicant any right to continued review under the Code's current standards and requirements. It is possible that the applicant will be required to meet changed standards or new Code requirements made while the application is pending.

An approval by this Board does not constitute permission, nor grant any right to connect to or use municipal services such as sewer, water or roads. It is the applicant's responsibility to apply for and obtain the Town of Newburgh and other agency approvals not within this Board's authority to grant.

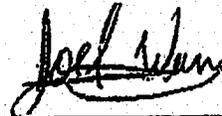

The applicant hereby acknowledges, consents, and agrees to the above.

Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information			
Name of Action or Project: Poppy Lane			
Project Location (describe, and attach a location map): Between 114 and 118 Lester Clark Road, Town of Newburgh Tax Lots 6-1-113, 114, and 115, including Town of Marlborough 108.3-4-24.1			
Brief Description of Proposed Action: Applicant requests authorization to construct a private road to serve three proposed 4-bedroom single-family residential dwellings. The properties are Lots 2, 3 and 4 of the Martuscello Subdivision filed in 1988, which proposed a private road.			
Name of Applicant or Sponsor: Wise Equities Group, LLC		Telephone: 845-666-9595 E-Mail: jw@jwconsultinginc.com	
Address: 20 Chevron Street			
City/PO: Monroe		State: NY	Zip Code: 10950
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			NO <input type="checkbox"/>
2. Does the proposed action require a permit, approval or funding from any other government Agency? If Yes, list agency(s) name and permit or approval:			YES <input type="checkbox"/>
3. a. Total acreage of the site of the proposed action? _____ 5.93 ± acres b. Total acreage to be physically disturbed? _____ 3.3 ± acres c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____ 5.93 ± acres			
4. Check all land uses that occur on, are adjoining or near the proposed action:			
5. <input type="checkbox"/> Urban <input checked="" type="checkbox"/> Rural (non-agriculture) <input type="checkbox"/> Industrial <input type="checkbox"/> Commercial <input checked="" type="checkbox"/> Residential (suburban) <input checked="" type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other(Specify): <input type="checkbox"/> Parkland			

5. Is the proposed action,	NO	YES	N/A
a. A permitted use under the zoning regulations?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. Consistent with the adopted comprehensive plan?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?	NO	YES	
	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?	NO	YES	
If Yes, identify: _____	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
8. a. Will the proposed action result in a substantial increase in traffic above present levels?	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
b. Are public transportation services available at or near the site of the proposed action?			
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?			
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
9. Does the proposed action meet or exceed the state energy code requirements?	NO	YES	
If the proposed action will exceed requirements, describe design features and technologies: _____ _____	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
10. Will the proposed action connect to an existing public/private water supply?	NO	YES	
If No, describe method for providing potable water: _____ new individual private wells	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
11. Will the proposed action connect to existing wastewater utilities?	NO	YES	
If No, describe method for providing wastewater treatment: _____ new individual subsurface sewage disposal systems (designs previously submitted to the building department)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?	NO	YES	
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?			
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?	NO	YES	
	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?			
	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: _____ _____ _____			

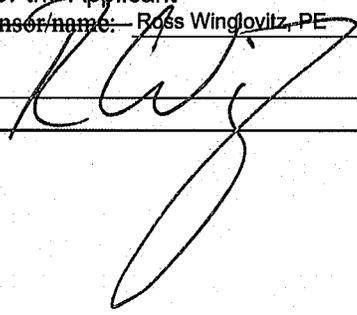

14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:		
<input type="checkbox"/> Shoreline <input checked="" type="checkbox"/> Forest <input type="checkbox"/> Agricultural/grasslands <input type="checkbox"/> Early mid-successional <input type="checkbox"/> Wetland <input type="checkbox"/> Urban <input checked="" type="checkbox"/> Suburban		
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?	NO	YES
	<input checked="" type="checkbox"/>	<input type="checkbox"/>
16. Is the project site located in the 100-year flood plan?	NO	YES
	<input checked="" type="checkbox"/>	<input type="checkbox"/>
17. Will the proposed action create storm water discharge, either from point or non-point sources?	NO	YES
If Yes,	<input type="checkbox"/>	<input checked="" type="checkbox"/>
a. Will storm water discharges flow to adjacent properties?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
If Yes, briefly describe: _____ _____		
18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?	NO	YES
If Yes, explain the purpose and size of the impoundment: _____ _____	<input checked="" type="checkbox"/>	<input type="checkbox"/>
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?	NO	YES
If Yes, describe: _____ _____	<input checked="" type="checkbox"/>	<input type="checkbox"/>
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?	NO	YES
If Yes, describe: _____ _____	<input checked="" type="checkbox"/>	<input type="checkbox"/>
