

### TOWN OF NEWBURGH PLANNING BOARD TECHNICAL REVIEW COMMENTS

PROJECT NAME:ROUTE 32 EXPRESS- 689 NYS ROUTE 32PROJECT NO.:22-21PROJECT LOCATION:689 NYS ROUTE 32SECTION 4, BLOCK 2, LOT 6REVIEW DATE:9 AUGUST 2022MEETING DATE:18 AUGUST 2022PROJECT REPRESENTATIVE:URDA ENGINEERING

- The proposed project is a re-development of a site located in the RR Zoning District. The RR Zoning District is the Reservoir Residence District. The existing convenience store is a preexisting non-conforming use. The proposed use is not a permitted use within the RR Zoning District. The only permitted uses are single family dwellings, not to exceed one dwelling per lot. Other variances would be required including lot size and front yard
- 2. It is unlikely that NYS Department of Transportation will allow the continued use of a 200 foot wide access drive. NYSDOT permitted access point must be designed.
- 3. The proposed structure must be sprinklered in accordance with the Town of Newburgh Town Code. Town of Newburgh Town Code is more stringent than NYS Fire Code.
- 4. Section 185-28 Motor Vehicle Service Stations, Car Washes and Rental Agencies would most likely apply, although the project would require a Use Variance as the use is not allowed in the RR Zoning District.
- 5. The project is located in the Town's Chadwick Lake Reservoir Critical Environmental Area. The use is not permitted in the zone in order to protect the Town's Chadwick Lake Reservoir.
- 6. The project is identified as disturbing .98 acres of property in an attempt to avoid a Stormwater Pollution Prevention Plan. Town of Newburgh's Stormwater Code is more stringent than the NYSDEC code. Stormwater management Plan must be submitted and approved in accordance with Section 157-4A(4) a Site Plan approval or Special Use Permit is granted by the Planning Board. A SWPPP in compliance with NYSDEC and Town of Newburgh standards is required should project proceed.
- Further review of the project will be undertaken should the project proceed through the Zoning Board for Use and Area Variances. Critical to the re-submission would be coordination with the NYS Department of Transportation, proper design of a subsurface sanitary sewer disposal system.

### **PROJECT NARRATIVE** 32 Express **Replacement of Convenience Store and Fueling Stations** 689 NY Route 32 (Tax Map S.B.L.4-2-6) Town of Newburgh **Orange County, New York**

August 8, 2022

### **PROJECT DESCRIPTION**

Urda Engineering, PLLC was retained by Ek Dant LLC (c/o Ritesh Patel) to complete a site plan, onsite septic system design, and architectural plans for the referenced "32 Express" project. The existing convenience store and fueling station have reached their function life expectancy and the owner wished to upgrade the site with a new building (4320 SF single story) and new modern fueling stations to replace the existing. All existing structures will be demolished with a site disturbance of less than one acre. The project parcel is 1.487 acres as surveyed by Jonathan N. Millen, L.L.S. (updated 8/5/2021).

### ZONING

The current use is 'Commercial'. The zoning in the surrounding area of the project site is RR-Reservoir. The Orange County 'Property Description Report' for the parcel does not give a zoning code and the Code Office recommended we discuss the zone and current use with the Board for clarification if the site is 'grandfathered' for commercial redevelopment, or if any zoning variance is required.

### WETLANDS

No known wetlands, Federal or NYS regulated, exist within the project area or within 100 feet of the site.

### **FLOODPLAIN**

The effective floodplain map per FEMA indicates no flood zones on the parcel.

### SEQR

SEQR review is required with a SEQR Full EAF is provided.

This project narrative was prepared by Urda Engineering, PLLC on behalf of the Applicant. Please feel free to contact me with any questions or concerns. Thank you.

Sincerely, Urda Engineering, PLLC

### TOWN OF NEWBURGH PLANNING BOARD

APPLICATION PACKAGE for SUBDIVISIONS, SITE PLANS, LOT LINE CHANGES And SPECIAL EXCEPTION USE PERMITS

**Procedures and Requirements** 

**July 2013** 

TOWN OF NEWBURGH PLANNING BOARD 308 GARDNERTOWN ROAD NEWBURGH, NEW YORK 12550 (845) 564-7804 fax: (845) 564-7802 planningboard@hvc.rr.com

#### TO WHOM IT MAY CONCERN:

This package of information and forms is provided at assist the applicant in the preparation of a submission of a site plan, subdivision, lot line change or special exception use permit to the Town of Newburgh Planning Board. In most cases the application will be prepared initially by a licensed professional engineer, architect, surveyor or land planner. Since in almost every case such professional will be required for the process, they should be retained as early as possible.

Procedurally, the applicant should contact the Planning Board to discuss the potential project and obtain the necessary forms and regulations.

The Zoning and Subdivision Regulations of the Town of Newburgh require that the applicant must present plans to the Secretary of the Planning Board. When your application is complete, it will be placed on the next **AVAILABLE** agenda. Submittals must be handed in to the Planning Board Secretary at least 10 days prior to the next meeting, but the date of the appearance at a meeting will be determined by the next available time slot, not necessarily the next meeting. You will be notified of the date, time and place of your meeting.

A minimum of FOURTEEN (14) sets of FOLDED PLANS for a major or minor subdivision or a site plan must be submitted with a COMPLETED application, and FIFTEEN (15) sets of plans must be submitted if plans need to be submitted to the Town of Newburgh Traffic Consultant. This completed application must include a LONG FORM OR FULL EAF for every project except lot line changes, 2 lot subdivisions under 3 acres or site plans impacting less than one acre, along with a NARRATIVE of the proposed project. The narrative should include the action being taken, the size of the parcel, what zone the parcel is in, the water and sewer information, any Zoning Board of Appeals relief needed, and whether the parcel is on a private or town road. Complex or unusual projects should be discussed in greater detail.

Following the first meeting before the Planning Board the applicant is required to send an Adjoiner Notice to property owners within 500 feet of the parcels in question (please see final page of the package for full instructions). Upon initial review of a Short Form, the Planning Board may require specific additional environmental information or the preparation of a Long Form. Long Form part 1 should be completed by the applicant. The Board will review and may modify Part 2 prior to making a decision on the SEQRA aspect of the project.

All fees for consulting and professional services that the Planning Board incurs during the review of the applications will be the responsibility of the applicant. An advance deposit for these fees will be required and will be placed in an escrow account with the Town. If the escrow account falls below the 40% of the initial deposit, the applicant will be required to immediately make an additional deposit to the escrow account prior to any further review of the project application by the Planning Board.

Very truly yours,

JOHN P. EWASUTYN, Chairman Town of Newburgh Planning Board

### STATEMENT TO APPLICANTS

#### **RE: TOWN OF NEWBURGH CLEARING AND GRADING LAW**

The Town of Newburgh Clearing and Grading Control Law requires a separate <u>permit</u> for most site preparation activities, including clearing, grading, tree cutting, excavating and filling. Site preparation activities performed following site plan or subdivision approval by the Planning Board may by exempt from the permit application, public hearing, fee and bonding requirements of the law <u>provided</u> the subdivision or site plan application has been reviewed for conformance with the clearing and grading law and the approval conditioned on compliance with the standards set forth in the law. Completion of the attached form will enable the Planning Board to review your application for conformance with the law's requirements. In the event it is not completed you many be required to apply for a separated permit for your site preparation activities. A sediment and erosion control plan and a plan showing the areas to be cleared, filled, graded or subjected to tree cutting, the types of vegetation affected and the proposed disposition of the destroyed vegetation must accompany the form. A SEQRA long form or full EAF should be utilized to discuss any environmental impacts and must accompany the application.

#### FEE LAW SUMMARY

#### PENDING APPLICATIONS

All applicants with matters pending before the Planning Board as of the effective date of this local law shall be required to post as escrow in the manner and upon the terms and conditions set forth below:

- (a) The Planning Board, in consultation with the applicant, shall compute the amount of the escrow to be posted with the Town. Such amount shall be reasonably related to the costs attendant to the Town's review of the application as of the effective date of this local law. Under no circumstances shall the escrow include amounts attributable to any costs incurred by the Town prior to the effective date of this local law.
- (b) Once computed and established by Resolution of the Planning Board, the applicant shall, within fifteen (15) days of said resolution, post escrow fees with the Secretary of the Planning Board. Failure to deliver the said escrow fees may result in delay of the further processing of the application.

### **SEVERABILITY**

In the event a court of law determined that any provision of this chapter is unenforceable, then only that provision shall be affected and all other provisions shall be fully enforceable.

#### <u>EFFECTIVE DATE:</u>

This local law shall take effect immediately upon filing in the Office of the Secretary of State.

### FEE ACKNOWLEDGEMENT

The town of Newburgh Municipal Code sets forth the schedule of fees for applications to the Planning Board. The signing of this application indicates your acknowledgement of responsibility for payment of these fees to the Planning Board for review of this application, including, but not limited to escrow fees for professional services (planner/consultant, engineering, legal), public hearing and site inspection. Applicant's submissions and resubmissions are not complete and will not be considered by the planning board or placed upon its agenda unless all outstanding fees have been paid. Fees incurred after the stamping of plans will remain the responsibility of the applicant prior to approval of a building permit or certificate of occupancy. Fee schedules are available from the Planning Board Secretary and are on the Town's website.

## PLANNING BOARD DISCLAIMER STATEMENT TO APPLICANTS

The applicant is advised that the Town of Newburgh Municipal Code, which

contains the Town's Zoning Law, is subject to amendment. Submission of an application

to this Board does not grant the applicant any right to continued review under the Code's current standards and requirements. It is possible that the applicant will be required to meet changed standards or new Code requirements made while the application is pending.

An approval by this Board does not constitute permission, nor grant any right to connect to or use municipal services such as sewer, water or roads. It is the applicant's responsibility to apply for and obtain the Town of Newburgh and other agency approvals not within this Board's authority to grant.

The applicant hereby acknowledges, consents, and agrees to the above.

#### **ARCHITECTURAL REVIEW**

The Town of Newburgh Planning Board had been authorized to act as the Architectural Review Board for all: site plans, projects involving ten or more dwelling units, and any construction that would affect the character of a neighborhood under Section §185-59 of the Town Code (Zoning Law).

In order to perform this task, at some point prior to final approval, the applicant shall provide the Planning Board with elevations of buildings for all sides and a written (separately or on drawings) description of the materials, colors and textures to be used in construction. Plans shall also include topographical information and any screening of portions of the buildings, either existing or proposed.

Samples of the material and colors to be used shall either be submitted to the Planning Board or brought to the meeting at which architectural review will be discussed.

#### LIST OF ADJACENT PROPERTY OWNERS

Within ten business days following the applicant's first appearance before the Planning Board, the applicant shall forward a letter prepared by the Planning Board or an authorized agent of the Planning Board to all property owners within 500 feet of the land involved in the application, as the names of such owners appear on the last completed assessment roll of the Town, notifying the property owners of the receipt of the plat and application, by first class mail. **The list of property owners shall be provided to the applicant from the Planning Board, through the Town Assessor's office.** The applicant shall thereafter submit a duly executed, notarized affidavit of mailing to the Planning Board. Further appearances before the Planning Board shall be prohibited until an affidavit meeting the requirements has been delivered. In the event a modification to an application proposes an increase in the number of lots or the relocation of a proposed road or drainage basin to a location adjacent to an adjoining property, then a supplementary letter shall be required to be forwarded in the same manner advising of the modification.

- the New York State Education Law.
- 3. Only maps bearing the surveyor's signature overlaid with embossed seal are genuine true and correct copies of the surveyor's original work and opinion. Anything other than copies with an embossed-seal and signature may contain unauthorized and undetectable modifications, deletions, additions, and changes, and are not to be relied upon. A copy of this document without a proper application of the surveyor's embossed seal should be assumed to be an unauthorized copy.
- 4. Certifications on this map signify that the map was prepared in accordance with the current existing Code of Practice for Land Surveys adopted by the New York State Association of Professional Land Surveyors, Inc. The certification is limited to persons for whom the map is prepared, to the title company, to the governmental agency, and to the lending institution listed on this map.
- 5. The certifications herein are not transferable. 6. The location of underground improvements or encroachments are not always known and often must
- be estimated. If any underground improvements or encroachments exist or are shown, the improvements or encroachments are not covered by this certificate.
- 7. This survey is subject to the findings of a Title Report and or Title Search.
- 8. Surveyed as per deeds, prior survey maps, filed maps, physical evidence and existing monumentation found at the site.
- 9. Subject to any conditions, restrictions, covenants and/or right-of ways/easements of record, if any.

on 10-27-2010 as Filed Map No. 381-10.

### NOTE: Basis Of Bearings:

The horizontal Datum is the North American Datum of 1983 (NAD83). The project baseline bearing reference for Grid North was established by GPS observation performed on July 6th, 2021. The subject property lines are as per the latest record Deed and aligned to this datum.

### Full Environmental Assessment Form Part 1 - Project and Setting

### **Instructions for Completing Part 1**

**Part 1 is to be completed by the applicant or project sponsor.** Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

#### A. Project and Applicant/Sponsor Information.

| Name of Action or Project:  |            |           |
|---|------------|-----------|
|   |            |           |
| Project Location (describe, and attach a general location map):     |            |           |
|   |            |           |
| Brief Description of Proposed Action (include purpose or need):     |            |           |

#### C. Planning and Zoning

| C.1. Planning and zoning actions.  |            |
|--|------------|
| <ul> <li>Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed?</li> <li>If Yes, complete sections C, F and G.</li> <li>If No, proceed to question C.2 and complete all remaining sections and questions in Part 1</li> </ul> | □ Yes □ No |
| C.2. Adopted land use plans.   |            |
| a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located?   | □ Yes □ No |
| If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located?  | □ Yes □ No |
| <ul> <li>b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway;<br/>Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan;<br/>or other?)</li> <li>If Yes, identify the plan(s):</li> </ul>  | □ Yes □ No |
|  | □ Yes □ No |
| <ul> <li>c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan?</li> <li>If Yes, identify the plan(s):</li> </ul>  |            |
|  |            |

| C.3. Zoning  |            |
|--|------------|
| a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. If Yes, what is the zoning classification(s) including any applicable overlay district? | □ Yes □ No |
| b. Is the use permitted or allowed by a special or conditional use permit?   | □ Yes □ No |
| <ul><li>c. Is a zoning change requested as part of the proposed action?</li><li>If Yes,</li><li><i>i</i>. What is the proposed new zoning for the site?</li></ul>                                | □ Yes □ No |
| C.4. Existing community services.  |            |
| a. In what school district is the project site located?  |            |
| b. What police or other public protection forces serve the project site?   |            |
| c. Which fire protection and emergency medical services serve the project site?  |            |
| d. What parks serve the project site?  |            |
|  |            |

### **D. Project Details**

### **D.1. Proposed and Potential Development**

| a. What is the general nature of the proposed action (e.g., residential, industrial, components)?                       | commercial, recreational; if mixed, include all       |
|---|---|
| b. a. Total acreage of the site of the proposed action?   | acres   |
| b. Total acreage to be physically disturbed?  | acres   |
| c. Total acreage (project site and any contiguous properties) owned   |   |
| or controlled by the applicant or project sponsor?  | acres   |
| c. Is the proposed action an expansion of an existing project or use?   | □ Yes □ No  |
| <i>i</i> . If Yes, what is the approximate percentage of the proposed expansion and is square feet)? % Units:           | dentify the units (e.g., acres, miles, housing units, |
| d. Is the proposed action a subdivision, or does it include a subdivision?  | $\Box$ Yes $\Box$ No                                  |
| If Yes,   |   |
| <i>i</i> . Purpose or type of subdivision? (e.g., residential, industrial, commercial; if r                             | nixed, specify types)                                 |
| <i>ii.</i> Is a cluster/conservation layout proposed?   | □ Yes □ No  |
| <i>iii</i> . Number of lots proposed?   |   |
| <i>iv</i> . Minimum and maximum proposed lot sizes? Minimum Maximum   | imum  |
| e. Will the proposed action be constructed in multiple phases?  | $\Box$ Yes $\Box$ No                                  |
| <i>i</i> . If No, anticipated period of construction:   | months  |
| <i>ii</i> . If Yes:   |   |
| <ul> <li>Total number of phases anticipated</li> </ul>  |   |
| • Anticipated commencement date of phase 1 (including demolition)   | month year  |
| <ul> <li>Anticipated completion date of final phase</li> </ul>  | monthyear   |
| • Generally describe connections or relationships among phases, includir determine timing or duration of future phases: |   |
|   |   |

|   | et include new resid  |                         |                        |  | $\Box$ Yes $\Box$ No     |
|---|-----------------------|-------------------------|------------------------|--|--------------------------|
| If Yes, show num  | bers of units propo   |                         |                        |  |                          |
|   | <u>One Family</u>     | <u>Two Family</u>       | Three Family           | <u>Multiple Family (four or more)</u>  |                          |
| Initial Phase   |                       |                         |                        |  |                          |
| At completion   |                       |                         |                        |  |                          |
| of all phases   |                       |                         |                        |  |                          |
| g. Does the prope   | osed action include   | new non-residentia      | al construction (inclu | uding expansions)?   | $\Box$ Yes $\Box$ No     |
| If Yes,   |                       |                         | × ·                    |  |                          |

| <ul> <li><i>iv.</i> Does the proposed action include any shared use parking?</li> <li><i>v.</i> If the proposed action includes any modification of existing roads, creation of new roads or change in existing</li> </ul>   | Yes No                   |  |
| <i>vi</i> . Are public/private transportation service(s) or facilities available within ½ mile of the proposed site?   | $\Box$ Yes $\Box$ No     |  |
| <ul><li><i>vii</i> Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles?</li><li><i>viii</i>. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?</li></ul>   | □ Yes □ No<br>□ Yes □ No |  |
| k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand   | □ Yes □ No               |  |
| for energy?<br>If Yes:<br><i>i</i> . Estimate annual electricity demand during operation of the proposed action:<br><i>ii</i> . Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or<br>other):   |                          |  |
| <i>iii.</i> Will the proposed action require a new, or an upgrade, to an existing substation?  | □ Yes □ No               |  |
| 1. Hours of operation. Answer all items which apply.       ii. During Operations:         iii. During Operations:       iii. During Operations:         IIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIII |                          |  |

| m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction,  | $\Box$ Yes $\Box$ No |
|--|----------------------|
| operation, or both?<br>If yes:   |                      |
| <i>i</i> . Provide details including sources, time of day and duration:  |                      |
|  |                      |
| <i>ii.</i> Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?  | □ Yes □ No           |
| Describe:  |                      |
|  |                      |
| n. Will the proposed action have outdoor lighting?   | $\Box$ Yes $\Box$ No |
| If yes:<br><i>i</i> . Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:  |                      |
| <i>i</i> . Describe source(s), location(s), neight of fixture(s), uncertoin ann, and proximity to hearest occupied structures.   |                      |
|  |                      |
| <i>ii.</i> Will proposed action remove existing natural barriers that could act as a light barrier or screen? Describe:  | $\Box$ Yes $\Box$ No |
| Describe:  |                      |
| o. Does the proposed action have the potential to produce odors for more than one hour per day?  | □ Yes □ No           |
| If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest  |                      |
| occupied structures:   |                      |
|  |                      |
|  |                      |
| p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage? | $\Box$ Yes $\Box$ No |
| If Yes:  |                      |
|  |                      |
| <i>i</i> . Product(s) to be stored   |                      |
| <i>iii</i> . Generally, describe the proposed storage facilities:  |                      |
| q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides,  | □ Yes □ No           |
| insecticides) during construction or operation?  | _ 105 _ 116          |
| If Yes:  |                      |
| <i>i</i> . Describe proposed treatment(s):   |                      |
|  |                      |
|  |                      |
| <i>ii.</i> Will the proposed action use Integrated Pest Management Practices?  | □ Yes □ No           |
| r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal   | $\Box$ Yes $\Box$ No |
| of solid waste (excluding hazardous materials)?  |                      |
| If Yes:<br><i>i</i> . Describe any solid waste(s) to be generated during construction or operation of the facility:  |                      |
| Construction: tons per (unit of time)  |                      |
| • Operation : tons per (unit of time)  |                      |
| ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:   |                      |
| Construction:  |                      |
| Operation:   |                      |
| <i>iii</i> . Proposed disposal methods/facilities for solid waste generated on-site:   |                      |
| Construction:  |                      |
|  |                      |
| Operation:   |                      |
|  |                      |

| s. Does the proposed action include construction or modification of a solid waste management facility?  | 🗆 Yes 🗆 No           |
|---|----------------------|
| If Yes:   |                      |
| i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting   | , landfill, or       |
| other disposal activities):   |                      |
| <i>ii.</i> Anticipated rate of disposal/processing:   |                      |
| • Tons/month, if transfer or other non-combustion/thermal treatment, or   |                      |
| Tons/hour, if combustion or thermal treatment   |                      |
| <i>iii</i> . If landfill, anticipated site life: years  |                      |
| t. Will the proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardo waste?  | us □ Yes □ No        |
| If Yes:   |                      |
| <i>i</i> . Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility:   |                      |
|   |                      |
|   |                      |
| <i>ii.</i> Generally describe processes or activities involving hazardous wastes or constituents:   |                      |
|   |                      |
| iii Specify amount to be handled an apparented to readmenth   |                      |
| <i>iii</i> . Specify amount to be handled or generated tons/month<br><i>iv</i> . Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: |                      |
| <i>iv.</i> Describe any proposals for on-site minimization, recycling of reuse of nazardous constituents.   |                      |
|   |                      |
| v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility?   | $\Box$ Yes $\Box$ No |
| If Yes: provide name and location of facility:  |                      |
|   |                      |
| If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility  | *                    |
|   |                      |
|   |                      |
|   |                      |
| E. Site and Setting of Proposed Action  |                      |
| E.1. Land uses on and surrounding the project site  |                      |
|   |                      |

*i*. Check all uses that occur on, adjoining and near the project site.

| 🗆 Urban | Industrial | □ Cor |
|---------|------------|-------|
|         |            |       |

mmercial □ Residential (suburban)

□ Forest □ Agriculture □ Aquatic

□ Rural (non-farm) □ Other (specify): \_\_\_\_

*ii.* If mix of uses, generally describe:

b. Land uses and covertypes on the project site. Land use or Current Acreage After Change (Acres +/-) Covertype Acreage Project Completion Roads, buildings, and other paved or impervious • surfaces Forested • Meadows, grasslands or brushlands (non-• agricultural, including abandoned agricultural) Agricultural ٠ (includes active orchards, field, greenhouse etc.) Surface water features • (lakes, ponds, streams, rivers, etc.) Wetlands (freshwater or tidal) • Non-vegetated (bare rock, earth or fill) • • Other Describe:

| c. Is the project site presently used by members of the community for public recreation?<br><i>i</i> . If Yes: explain:   | $\Box$ Yes $\Box$ No |
|---|----------------------|

| E.3. Designated Public Resources On or Near Project Site   |                                       |
| a. Is the project site, or any portion of it, located in a designated agricultural district certified p    | ursuant to $\Box$ Yes $\Box$ No       |
| Agriculture and Markets Law, Article 25-AA, Section 303 and 304?   |                                       |
| If Yes, provide county plus district name/number:  |                                       |
|  |                                       |
| b. Are agricultural lands consisting of highly productive soils present?                                   | $\Box$ Yes $\Box$ No                  |
| <i>i.</i> If Yes: acreage(s) on project site?  |                                       |
| <i>ii.</i> Source(s) of soil rating(s):  |                                       |
| c. Does the project site contain all or part of, or is it substantially contiguous to, a registered N      |                                       |
| Natural Landmark?  |                                       |
| If Yes:  |                                       |
|  | - 4                                   |
| <i>i</i> . Nature of the natural landmark:  □ Biological Community  □ Geological Fe                        |                                       |
| ii. Provide brief description of landmark, including values behind designation and approximation           | ate size/extent:                      |
|  |                                       |
|  |                                       |
| d Is the project site leasted in an deep it adjain a state listed Critical Environmental Area?             | □ Yes □ No                            |
| d. Is the project site located in or does it adjoin a state listed Critical Environmental Area?<br>If Yes: | $\Box$ res $\Box$ no                  |
|  |                                       |
| <i>i</i> . CEA name:   |                                       |
| <i>u</i> . Basis for designation:  |                                       |
| iii. Designating agency and date:  |                                       |

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district Ves No which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places? If Yes:

i. Nature of historic/archaeological resource: Archaeological Site ii. Name:

Historic Building or District

iii. Brief description of attributes on which listing is based:

f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?

| <ul> <li>g. Have additional archaeological or historic site(s) or resources been identified on the project site?</li> <li>if Yes: <ul> <li><i>i</i>. Describe possible resource(s):</li> <li><i>ii</i>. Basis for identification:</li> </ul> </li> </ul>   | Ves No              |
|--|---------------------|
| h. Is the project site within fives miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource?  | al Yes No           |
| If Yes:  |                     |
|  |                     |
| <i>i</i> . Identify resource:  |                     |
| <ul> <li>i. Identify resource:</li></ul>   | il or scenic byway, |
| ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic tra  | il or scenic byway, |
| <ul> <li>ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic traetc.):</li> <li>iii. Distance between project and resource:miles.</li> <li>iii. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers</li> </ul>                       |                     |
| <ul> <li>ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic traetc.):</li> <li>iii. Distance between project and resource: miles.</li> </ul>  |                     |
| <ul> <li>ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic traetc.):</li> <li>iii. Distance between project and resource: miles.</li> <li>iii. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666?</li> </ul> |                     |

### **F.** Additional Information

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

**G.** Verification I certify that the information provided is true to the best of my knowledge.
