Date of Full Statement: April 6, 2018; additional materials submitted April 26, April 30 and May 7, 2018

Comments:

The Planning Department has reviewed the submitted materials regarding the appeal for a use variance and has found no evidence that intermunicipal or countywide impacts would result from its approval. County Planning recommends that the Board act on this variance request only if the applicant satisfies the <u>unnecessary hardship standard</u>, as defined by New York State law.

The courts of New York hold that the <u>unnecessary hardship standard</u> is satisfied by competent proof of each of the following:

1. the land in question cannot yield a reasonable return, in dollars and cents, if used for any use permitted in the zone,

2. the use to be authorized by the variance will not alter the essential character of the locality,

3. the hardship is unique to the parcel and not general throughout the zoning district, and

4. the hardship is not self-created.

While the proposed expansion of the existing nonconforming use does not appear to meet this standard, it also does not appear that the continuation and expansion of the use will cause significant negative impacts. We have reviewed that additional materials submitted and stand by our original recommendation; we have no advisory comments regarding this application.
